

Plus Radiators

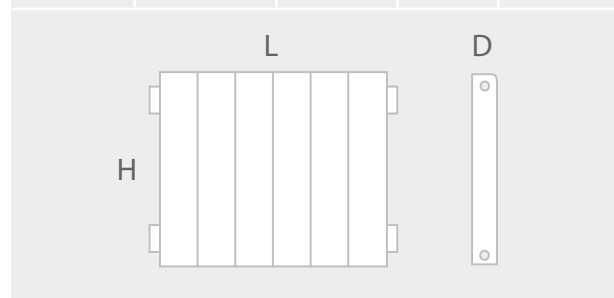

Italian designer aluminium radiators

The Plus radiator is a sleek, die-cast aluminium radiator with a contemporary look and modular build. The radiator can be changed to a variety of different lengths in order to suit specific spaces and outputs. Discerning clients choose this specific model because of how it exhibits both excellent performance and versatility while remaining stylish and low profile. Radiatori's Plus Radiator has a low water content guaranteeing high efficiency and a rapid response time.

Central Heating New Zealand stocks two heights of Plus radiators: 430mm and 680mm. Both are available in a variety of lengths, have 80mm wide columns and come with a 10 year warranty.
